How do I declare my eco-fee?

The eco-fee

Display of eco-participation: furnishing elements including textile decoration

Visible contribution: mandatory signage for sales to professionals and private individuals

"For all sales of furnishing elements taking place before January 1, 2026, producers and successive intermediaries show on sales invoices the unit costs they bear for the management of waste furnishing elements."

Article R543-247 of the French Environment Code

Eco-participation must be passed on equally throughout the chain.

For the marketer: potential administrative fine (3rd class contravention) for failure to display the eco-fee. Article L541-9-4 of the French Environment Code.

Coding assistance via the generator

A screenshot of the 'Product code generator' form. It has a 'RESET' button and the instruction 'SELECT the elements in the brown boxes'. The form contains four numbered steps, each with a horizontal line for input: 1. 'Choose a category:', 2. 'Choose a product type:', 3. 'Choose a majority material by weight or indicate the presence of padding:', and 4. 'Choose the dimension of the product:'. Below the input fields, it says 'Resulting in product code:'. A green arrow points to the top-left corner of the form.

Product coding

- **The 11-digit product code** is an Ecomaison nomenclature used to code products according to their characteristics, apply the eco-participation scale and declare product launches.

Coding assistance via the generator

The screenshot shows the 'Product code generator' interface. It includes a 'RESET' button and instructions to 'Select the elements in the lowest boxes'. The interface contains four numbered steps, each with a corresponding input field:

- 1 - Choose a category:
- 2 - Choose a product type:
- 3 - Choose a majority material by weight or indicate the presence of padding:
- 4 - Choose the dimension of the product:

Below the input fields, there is a section labeled 'Resulting in product code:' followed by a green bar.

How the declaration works

How it works

- Quarterly or annual marketing declarations
- Over the past period
- Common declaration for all furniture items

Annual or quarterly declaration thresholds (in annual sales excluding VAT - marketing of furnishing items)

- **Sales < €100,000:** annual declaration only
- **100,000 < sales < €500,000:** choice of annual or quarterly declaration.
- **Sales > €500,000:** quarterly declaration only.
- **If more than €8,000 in eco-participation is declared per year:** quarterly declaration mandatory.

Declaration dates

<u>Marketing periods</u>	<u>Declaration dates</u>
if you declare quarterly	
January 1st to March 31st	April 1st to 31st
April 1st to June 30th	July 1st to 31st
July 1st to September 30th	October 1st to 31st
October 1st to December 30th	January 1st to 31st
If you declare annually	
January 1st to December 31st	from January 1 to January 31 of the following year

Even if you have not collected eco-participation since April 1, 2023, you must still pay us the amount corresponding to your sales.

Sorting signs

Background to TRIMAN sorting signs

Article 17 of the anti-waste law for the circular economy (AGEC)

- ▶ TRIMAN and sorting signage provide **information on what consumers can do to help**: donate to charities, dispose of furniture, DIY and garden items and toys in store on delivery, or drop them off at a recycling center.

Sorting signs

Actors involved

Anyone who **manufactures, imports or places household** products subject to Extended Producer Responsibility (EPR) on the national market.

Terms and conditions

- TRIMAN signage specifying sorting rules on **packaging, product** or, failing that, in other **documents supplied with the product**.
- If several elements of the product are subject to different sorting procedures, these procedures are **detailed for each element**.
- Exceptions :
 - For products with a surface area of less than 10 cm² and sold without a document: Possibility of dematerializing the information
 - For products with a surface area of between 10 cm² and 20 cm² : obligation to display the TRIMAN logo and possibility of dematerializing the information.
 - For cylindrical or spherical products or packaging, the surface areas 10 and 20 cm² are increased to 20 and 40 cm²

For marketers: up to **€15,000 administrative fine for legal entities**, and €3,000 for individuals, for failure to display sorting labels. Article L541-9-4 of the French Environment Code.
