Preamble and purpose

These Channel-Specific Special Terms and Conditions for Furniture Products govern the relationship between Ecomaison and the Contracting Party with regard to the Furniture Products channel, for which Ecomaison holds an Accreditation.

The rules specific to Furniture Products contained in these Channel-Specific Special Terms and Conditions for Furniture Products supplement the rules contained in the General Terms and Conditions of Membership, which together are applicable to the Parties under the Contract.

In the event of any discrepancy or contradiction between the Channel-Specific Special Terms and Conditions for Furniture Products and the General Terms and Conditions of Membership, these Special Terms and Conditions for Furniture Products shall prevail over the General Terms and Conditions of Membership.

The Contracting Party acknowledges that it has read these Channel-Specific Special Terms and Conditions for Furniture Products, including this preamble and its appendices, which form an integral part of the Contract, and accepts them as part of the agreement between the Parties.

Capitalised terms, if not specifically defined in these Channel-Specific Special Terms and Conditions for Furniture Products, refer to the terms as defined in the General Terms and Conditions of Membership.

Additional definitions:

Accreditation for Furniture Products: This Accreditation is defined in Articles L.541-10, L.541-10-1 10° and R.543-240 et seq. of the French Environmental Code, reproduced in Appendix no. 2. It is awarded on a non-exclusive basis to companies fulfilling the legal criteria and Technical Specifications for Accreditation as defined by the Public Authorities.

Technical Specifications for Accreditation: the technical specifications for accreditation defined in the decree regarding the technical specifications for eco-organisations in the Furniture Products channel, in accordance with Articles L. 541-10, L.541-10-1 10° and R. 543-240 et seq. of the French Environmental Code.

Furniture Products: items of furniture as defined in Article R.543-240 of the French Environmental Code, of which a non-exhaustive list is provided in Appendix 1.

Marketer: manufacturers, retailers and distributors of Furniture products subject to the provisions of Articles L.541-10, L.541-10-1 10° and R.543-240 et seq. of the French Environmental Code. The Marketer indicates the producer in the regulatory sense.

1. Scope of application for Furniture Products

Pursuant to the provisions of Articles L. 541-10, L. 541-10 10 | 543-240° and R. 543-240 et seq. of the French Environmental Code, these Special Terms and Conditions for Furniture Products, which form an integral part of the Contract, relate to Furniture Products.

2. Ecomaison's commitments

Ecomaison creates all funds dedicated to financing repair, repurposing and reuse in accordance with all legal and regulatory provisions in force.

3. Dispensation Scheme

The Contracting Party whose annual turnover in the Furniture Products Sector is less than two million (2,000,000) euros may benefit from the Dispensation Scheme allowing it to:

- Either pay the Eco-fee due for its annually declared products placed on the market.
- Or pay a flat-rate discharge equal to zero point four per cent (0.4%) of its annual turnover in the Furniture Products Channel for Year Y-1.

4. Basis and applicability of Eco-fees

As per the regulations in force, Eco-fees are payable for all Furniture Products marketed by Furniture Products Marketers within the Geographical Scope of Application defined in the General Terms and Conditions of Membership and described in Article 3.1 of the General Terms and Conditions of Membership.

Under the terms of the Contract, in cases of Late Sign-Up, within the limit of the date on which the Contracting Party became a Furniture Products Marketer, Eco-fees are payable for the last three (3) calendar years preceding the conclusion of the Contract, subject to the conditions set out in Article 5.1 of the General Terms and Conditions of Membership. For Contracts concluded in the course of the year, Eco-fees are also payable for quantities marketed between 1 January of the current year and the date on which the Contract is signed.

The following are deducted from the basis of calculation of the Eco-fees payable: Furniture Products exported by the Member or by a customer of the Member. For exported Furniture Products, Ecomaison offers a reimbursement contract, allowing the Member's customer to claim reimbursement, subject to presentation of supporting documentation.

5. Visible eco-contribution:

In order to ensure that consumers are well informed and in the interests of fairness and transparency for all operators involved in the marketing of the product, the Member shall include on its sales invoices for each item of furniture a separate line indicating the amount of the eco-contribution paid for the collection and treatment of its product.

This line shall be added to the unit price excluding tax and shall be included in the VAT base.

It is recommended that the following statement be included in your French general terms and conditions of sale:

"Les acheteurs et revendeurs successifs du produit insèrent sur les factures de vente le montant de l'éco-contribution acquittée par le metteur sur le marché du produit et informent les acheteurs successifs que cette éco-contribution, qui a été reversée par le metteur sur le marché, permet la collecte et le traitement du produit en fin de vie."

Sales intermediaries are invited to include the following statement on their French invoices:

" Le prix des produits intègre la contribution environnementale obligatoire selon l'article L 541-10-2 du Code de l'Environnement, acquittée par l'entreprise responsable de la mise sur le marché des produits. Cette contribution environnementale permet de financer le dispositif de tri, de réutilisation ou de recyclage, conformément aux dispositions du code de l'environnement."

6. List of appendices:

Appendix 1: Non-exhaustive list of Furniture Products

Appendix 2: Criteria and application procedures for premiums for the incorporation of recycled materials and eco-design premiums and penalties
